

In the claims

Amend claim 31 as follows

- 1 31. (Amended) The system of Claim 30 wherein said display control device
2 includes a video amplifier and said ABL provides an analog window signal to said
3 video amplifier.

Remarks

In preparing the Appeal Brief it was discovered that "said video amplifier" of claim 31 does not have an antecedent. The above amendment corrects this problem, places the Application in better form for appeal, and introduces no new issues. Therefore, the Applicant respectfully requests entry of the above amendment.

Respectfully Submitted,

Richard D. Cappels, Sr.
